mentics
Release Date: 8 Aug, 2016

English

quip anomaly steam badge. quip anomaly. quip anomaly. quip anomaly steam badge

The setting and ideas behind this game are very unique, and the story is interesting. The gameplay is also great, and can get pretty difficult by the end. Overall, it was quite enjoyable.. Wasted 1\$ and wasted internet to download it. Edited review now that I've played more of the game. This game is so fun! The game mechanics take some getting used to because your speed isn't consistant. If you need to turn around, it takes a second to get back up to speed.. Edited review now that I've played more of the game. This game is so fun! The game mechanics take some getting used to because your speed isn't consistant.
